

**[Input operator letterhead here]**

---

**For operators initially classifying as, or reclassifying to, “Private” and only transporting commodity produced by the operator:**

[Input P-5 operator ID name and number here], hereinafter referred to as “the operator”, certifies that all [input total active mileage of the T-4 permit] miles of active natural gas [input “gathering” or “transmission”] pipelines currently under T-4 permit [input T-4 permit number] operate privately and only transport commodity produced by the operator. The operator acknowledges and understands Texas Utilities Code, Title 3, Subtitle B, Chapter 121, Subchapter A – Gas Utility Defined, and certifies exclusion from the definition of a gas utility.

**For operators initially classifying as, or reclassifying to, “Private” and transporting commodity that is not their own, transporting commodity for others, and/or transporting commodity for a fee:**

[Input P-5 operator ID name and number here], hereinafter referred to as “the operator”, certifies that all [input total active mileage of the T-4 permit] miles of active natural gas [input “gathering” or “transmission”] pipelines currently under T-4 permit [input T-4 permit number] operates privately. Even though the operator buys, sells, and/or transports gas that is not produced by the operator, the operator acknowledges and understands Texas Utilities Code, Title 3, Subtitle B, Chapter 121, Subchapter A – Gas Utility Defined, and certifies exclusion from the definition of a gas utility.
