1981 SEE NEW INDEX

A single handwritten digit '2' is drawn in black ink on a light-colored, slightly textured paper. The digit is formed by a single continuous stroke that starts at the top right, curves down and left, then curves back up and right to meet the starting point, creating a loop. The paper has a vertical gradient from light yellow at the top to white at the bottom, and two dark circular marks are visible on the left side.
